

# PADI Advanced Open Water

## New Zealand Sea Adventures

### ***“Your Next Step in Underwater Adventure”***

Exploration, excitement and experiences are what the PADI Advanced Open Water (AOW) Diver course is all about. The AOW course is designed for both new and more experienced Open Water Divers and is best attended as soon after your Open Water Diver course as possible. That way you will increase your confidence and build scuba skills to become safer and more comfortable in the water; all under the supervision of a PADI Instructor.

The AOW course consists of five dives that includes a: *Deep* and an *Underwater Navigation* dive. Popular local options for the remaining three dives are: *Peak Performance Buoyancy, Naturalist, Wreck, Fish Identification, Imaging, Night, \*Enriched Air* or *\*Dive Against Debris* (\* conditions apply).

You may choose to add the: *Enriched Air* and/or the *Dive Against Debris* Specialty qualifications to your weekend experience. Simply ask to: include these dives as part of your five dives, complete the on-line study and a short practical, pay a small fee – and go diving. These Specialties count towards the prestigious PADI Master Scuba Diver rating.

Pay your deposit and you can begin the AOW theory. Make sure your dive medical is current, then join us for a weekends fun diving. After everything is completed, you will qualify as a PADI AOW Diver. This is the minimum requirement for our dive adventures and a prerequisite for the PADI Rescue Diver course.

If you have any questions, please call so we can help you.

Kind regards,

*Tony Howell*

## Course Details

- **Digital theory** - Advanced Open Water eLearning or tablet course (about 8 hrs)
- **A Fun Weekend Diving** - Five Adventure dives: *Deep, Navigation* - and a choice of: *Peak Performance Buoyancy, Naturalist, Fish Identification, Wreck* (weather dependant), *\*Enriched Air, \*Dive Against Debris, Imaging or Night* (during winter).

## Pre-requisites

- Certified PADI Open Water Diver or equivalent diver rating, and
- Be medically fit to dive (a current completed [Diver Medical | Participant Questionnaire](#)).

## Costs

- **Standard PADI Advanced Open Water Course Fee:** \$499.
- **NZSA Graduates:** Book your Advanced Open Water course within two calendar months of completing your Open Water Diver course at New Zealand Sea Adventures for \$40 off the Course Fee and half price gear hire.
- **\*Enriched Air Specialty:** There is a \$270 fee to cover the PADI online Theory, practical and Specialty Registration. (Normally \$299 when purchased separately).
- **\*Dive Against Debris Specialty:** There is a \$170 fee to cover the PADI online Theory and Specialty Registration. (Normally \$250 when purchased separately).
- **PADI Adventure Diver:** Are you limited by time? Try the *PADI Adventure Diver* Programme. Just three dives in one day for \$150 (does not include eLearning). Just two more Adventure Dives within 12 months will complete your AOW Diver certification.
- **Equipment:** If you wish to buy equipment, we have a great range in store and offer 10% off any dive gear bought during your course. (Does not include discounted Gear Packages). Rental equipment is also available.

## Earn a Reward

Get a new customer to purchase one of our dive courses (someone who has not attended a course with NZ Sea Adventures before), and you receive \$20 off your course fee.

## Booking your course

- Course bookings can be made in-store, via email, [online](#) or over the phone with a valid credit card.
- A \$300 deposit (covers AOW booking and eLearning course), your full name, date of birth, a valid email address and phone number are required to book.
- Balance of the course fee is due when you start the practical sections.
- Deposits are transferable but not refundable; eLearning courses, once redeemed, cannot be transferred.

Ask us about the two optional Specialty courses offered during your AOW course.
